

Ec240a, Fall 2017

Professor Bryan Graham

Problem Set 2

Due: November 6th, 2017

Problem sets are due at 5PM in the GSIs mailbox. You may work in groups, but each student should turn in their own write-up (including a printout of a narrated/commented and executed Jupyter Notebook if applicable). Please also e-mail a copy of any Jupyter Notebook to the GSI (if applicable).

1 K Normal Means

Complete problems #1 to #5 at the end of Lecture Note 2.
